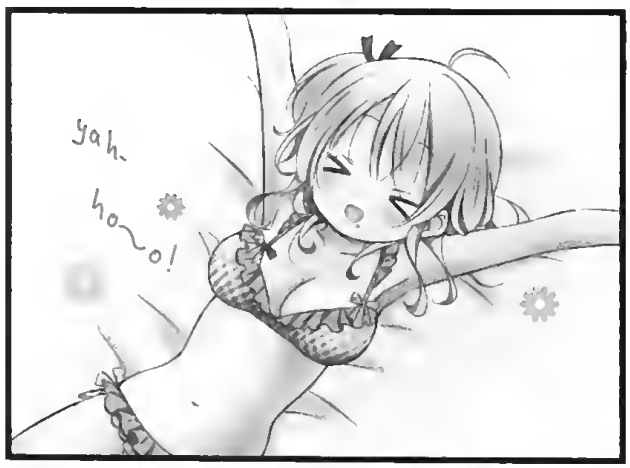
Koyume-chan has just the right body type.
The protagonist of your manga is a big breasted girl, after all!

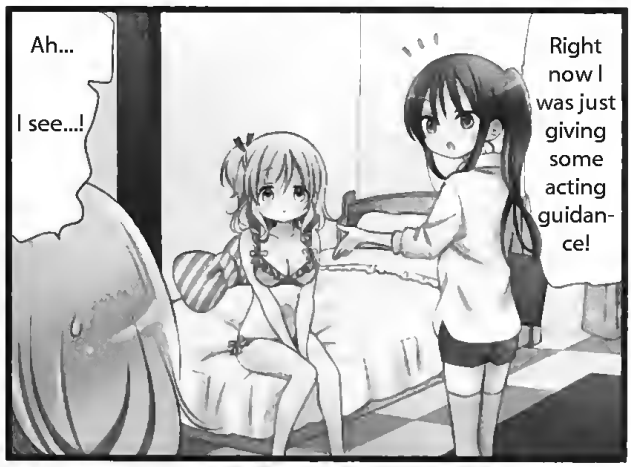
Kaosu-chan, it's not what it looks like!
D-d-d-don't mind me... I'm sorry!!

tee hee

I asked Koyume-chan to pose for me!



yah~
ho~o!



Ah...
I see...!
Right now I was just giving some acting guidance!

The atmosphere is lacking!
That's not it! A more shy expression, please!!
I... I don't get it—

Stop saying weird things, Koyume-chan!!
So that's what it was? I just resigned myself to Ruki-chan's will...

I want to watch a little more because it's cute...!
nervous
W-what to do, I need to break up the fight, but...
dummy dummy— Ruki-chan is way prettier
That's totally not... dummy—

But beyond that! The state of being embarassed about the smallness of your breasts...
Surely, the size of breasts is important...

With a figure like that, cute clothes, stylish clothes, anything will suit you.
A C-cup, or so would be nice...
With the height about 157 cm.
